ABOUT TRIDAYA PASIFIK KSO

Tridaya Pasifik KSO is a joint operation body established through the collaboration of three parties: the first party, **PT Pema Global Servis**; the second party, **PT Yakin Pasifik Tuna (YPT)**; and the third party, **PT Laot Aceh Marina Indonesia (LAMI)**. The business activities of Tridaya Pasifik KSO focus on three main sectors: Local and Export Trade, Fish Storage, and Fish Processing Industry.

This partnership highlights our commitment to driving sustainable economic growth through strategic collaboration and maximizing human resources in terms of local workforce absorption and the large-scale utilization of natural resources, with the aim of contributing to the increase of Aceh's regional income (PAD)

OUR VISION

Increasing Sustainable Fish Production:
Developing and implementing sustainable
fishing practices that prioritize the conservation
of marine resources and the preservation of
ecosystems to meet long-term market
demands.

OUR MISSIONS

1

Increasing Sustainable Fish Production: Developing and implementing sustainable fishing practices that prioritize the conservation of marine resources and the preservation of ecosystems to meet long-term market demands.

2

Innovation in Fishery Technology: Utilizing the latest technologies in aquaculture, processing, and distribution to improve efficiency, product quality, and competitiveness.

3

Empowering Coastal Communities: Empowering fishing communities and fish farmers through training, mentorship, and market access, thereby improving their well-being and creating job opportunities.

4

Commitment to Product Quality and Safety: Ensuring that the fishery products produced are of high quality and meet strict food safety standards, with a focus on cleanliness and halal certification.

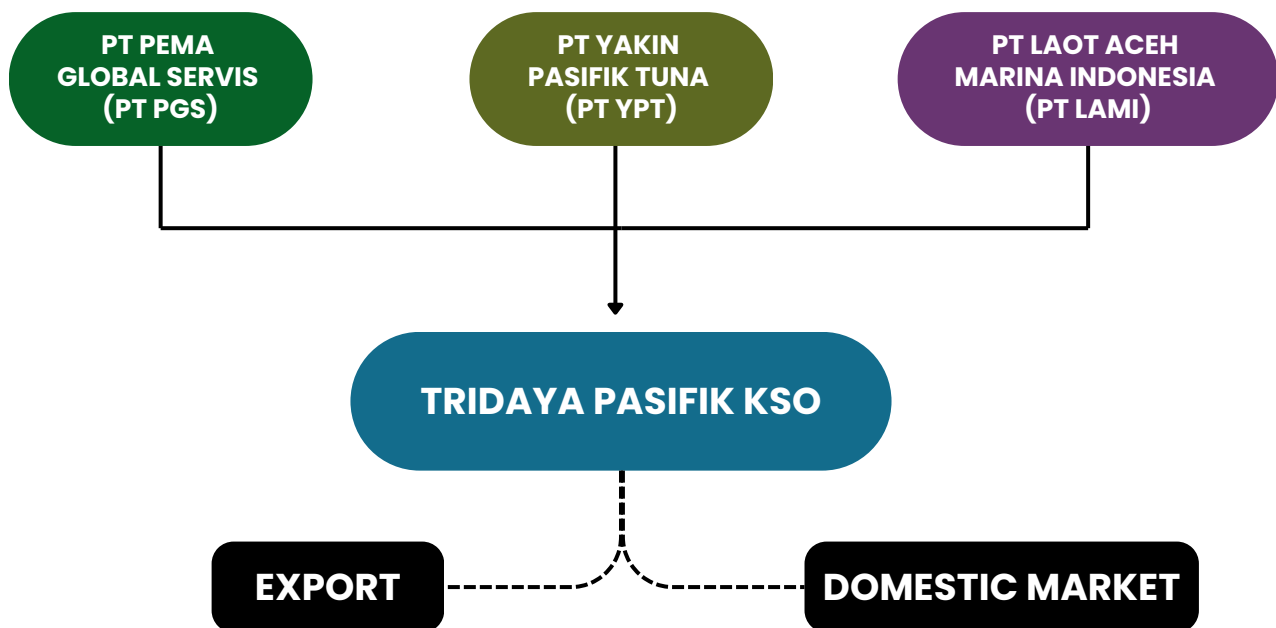

5

Environmental Education and Awareness: Educating consumers and the public about the importance of preserving marine natural resources, while promoting responsible consumption practices for the sustainability of fishery resources.

ORGANIZATION STRUCTURE

Tridaya Pasifik KSO is a joint operation body that established through the collaboration of three parties: the first party, **PT Pema Global Servis**, which is a subsidiary of PT Pembangunan Aceh (PEMA); the second party, **PT Yakin Pasifik Tuna (YPT)**; and the third party, **PT Laot Aceh Marina Indonesia (LAMI)**. In this joint operation, the three entities form a partnership focused on the fisheries sector.

In terms of responsibilities, PT PGS, as the first party, is responsible for covering all operational costs arising from the business activities. PT YPT, as the second party, is responsible for providing the fisheries facilities, in this case, the fish processing plant. PT LAMI, as the third party, is responsible for supplying the raw materials that will be processed by Tridaya Pasifik KSO.
